

# HURRICANE™ TURBINE VENTILATORS

the proven answer for over fifteen years

## COMMERCIAL PROJECT PROFILE - EXPORT

- LOCATION:** Altajir Glass Factory  
Dubai, United Arab Emirates
- BUSINESS:** Manufacture of glass bottles with daily output of one million units.
- TASK:** To overcome the failure of the main ridge ventilator located above the melt furnace which is not allowing ample heat to escape. Prevailing winds are causing the ridge vent to backdraft.
- SOLUTION:** Edmonds supplied 16 x H900 Hurricane™ Turbine Ventilators that were installed, 8 down either side of the large ridge vent. Temperature of exhausted gases exceeds 80° C.

- RESULT:** Customer is sufficiently pleased with the result, requested a full hurricane scheme for the entire plant.
- CONSULTANT:** Al Mutaiwie – Barrie Harmsworth
