

HURRICANE™ TURBINE VENTILATORS

the proven answer for over fifteen years

COMMERCIAL PROJECT PROFILE

LOCATION: MacGregor State High School
Blackwattle Street, MacGregor Qld

BUSINESS: A high school Home Economics Building.

TASK: Edmonds requested to consult. Client wanted to remove hot stale air from the classrooms and improve the environment for the students. Excess heat produced by ovens in classrooms.

SOLUTION: Edmonds supplied and installed 11 x H400 HURRICANE™ TURBINE VENTILATORS. Powder coated Mist Green to match the roof colour. In addition 15 x Whirly Mate ceiling registers were installed to allow heat to be drawn directly from the rooms as well as the roof cavity.

RESULT: Very Satisfactory. The environment in the classrooms has greatly improved with a significant drop in temperature during cooking.
